

# Homework

## Foundation Holiday Homework

Children need to choose **one** animal for an information project and present the poster on the first week of **term 2**.

**On a coloured poster paper** children are to include the following information:

- The name of the animal.
- What type of animal it is (Mammal, Reptile etc)
- What the animal eats.
- Where the animal lives (habitat).
- Describe what the animal looks like.
- An interesting or favourite fact about the animal.

Please include pictures or drawings of your chosen animal. Student's can use the internet and/or books from the local library to assist them.

**This project is due back on the first day of Term 2. Please allow your child to practice presenting their poster in front of you in preparation for their oral presentation.**

### **Letter recognition and sounds.**

Please practice both upper- and lower-case letter recognition and sounds with your child. Ask your child to point to a letter, name the letter and what sound(s) it makes.

### **Numbers**

Students to practice counting forwards and backwards from 0-20. Ask your child to point to a number and tell you what number it is to improve their number recognition.

Don't forget to use **Reading Eggs** and **Mathletics** as much as possible! We hope you all have a wonderful and safe holiday break! 😊

Kind regards

The Foundation Team.
