

HOLIDAY HOMEWORK – Grade 4, Term 2 2018

Name:

Due: 16th July

* Students are to complete at least 2 activities from each subject (they may complete more if they wish).

* They can complete the activities in their homework books, poster paper or on the computer (save to a usb).

SCIENCE	Create a poster about what you learnt about Sustainability.	Write an information report about recycling.	Invent a new recycling machine. Make sure you draw and label your design and explain how your invention works.	Create a word search with at least 10 Science words (make sure you spell them correctly).
HISTORY	Do some research about Australian History. Practice putting the information you find in your own words (at least 3 paragraphs)	Create a timeline about Australia's history. You must do some research first!	Write a poem about a famous Australian.	Interview a person from your family or a friend who has migrated to Australia. You must create 5 questions before interviewing them.
MATHEMATICS	Create a worksheet for the class using at least 8 different topics that we learnt during the first semester.	Design and make a poster about a topic we have learnt this year.	Create 15 word problems using addition, subtraction and multiplication.	Create a brainstorm for each of the following topics: * 3D Shapes * Division * Temperature
ENGLISH	Write a Recount about an exciting day of your holidays.	Write a narrative about one of the following topics; * Your hand is stuck in a cookie jar! * You are lost in a maze * Imagine you have 3 eyes	Find 20 interesting words that you are unfamiliar with and put them into sentences. Use a dictionary to find their meanings first!	Find a poem and learn it off by heart. It must be at least 8 lines. You will be presenting it to the class. Don't forget to remember the title and author.
